TIS 455 - AC Line Splitter (inc earth leakage)

The TIS Line Splitter is an ideal accessory when using a clamp meter to measure AC current as it splits the live conductor from the neutral & earth. Ideal when PAT testing to measure loads of individual equipment.

- ⊕ Allows for easy AC current measuring using a clamp meter on 2 or 3 wire power cords.
- ⊕ AC Voltage to 250 Volts, AC Current to 13A
- ⊕ Allows measurement of earth leakage.
- ⊕ Enables safe measurement of current without the need to separate conductors.
- ⊕ Ideal for use with the TIS 518, 418, 438 & 516 Clamp meters.
- ⊕ Separates the live conductor from neutral & earth.
- ⊕ Allows voltage measuring on 13A sockets.
